

Australia follows strict visa guidelines and require substantial fund. But we find, Australia visa is very systematic.

e.g For 1-yr Diploma Program, you will need to show Tk 16 lac fund and only first blood sponsors are allowed.

It takes about 6-weeks to get student visa and our success rate in 2010 is 98%

WHY STUDY IN AUSTRALIA ?

More than 450,000 international students were enrolled in Australian institutions in 2007. Students come from around the world to learn in Australia's dynamic, exciting study environment.

Students come to Australia for many reasons including:

- the excellent education system
- the range of courses from school to postgraduate degrees
- the many types of specialist institutions
- the worldwide acceptance of Australian qualifications
- the innovative teaching and learning
- the quality of scientific research
- the support for international students
- the safe environment
- the multicultural society.

An Australian qualification will develop you personally and professionally. It is your passport to a well-paid career and a secure future.

Successful graduates from Australian institutions are working globally at the highest levels in government and business. You'd be surprised by the Australian alumni in your own country.
